

Peaceful Warrior Corporate Personal Safety

Personal Safety Training for Employers and Organizations

Employee Personal Safety Should Be a Concern

Imagine if your company or organization provided critical tools your workforce needs to carry themselves more confidently as well as protect themselves and their families?

A Low Cost, High Value Benefit

Our Corporate Personal Safety workshops teach the critical principles of the “ABC’s” of personal safety as well as simple, proven and highly useful physical techniques for protection. These sessions are great for team-building and personal empowerment!

As seen on...

Attendees Learn To:

- Carry themselves confidently;
- Identify and avoid confrontational situations;
- Utilize techniques that have been “pressure tested” for effectiveness;
- Use everyday items as weapons;
- Move and strike with great force;
- Gain control ASAP
